## November 11 - Monday

### 8:00 AM ARRIVAL

#### Arrive at St Thomas, USVI

The capital island of the U.S. Virgin Islands is often the first stop for travelers on a Caribbean cruise. Its easy access, use of American currency and cultural cues, as well as its reputation for safety, make St. Thomas the easy first choice. But just because it appeals to the comfortable side of travel doesn't mean that St. Thomas is basic. Just the opposite—the 80-square-kilometer (31-square-mile) island is full of superlatives. It's home to some of the Caribbean's highest viewpoints, spectacularly positioned among verdant tropical foliage. It offers some of the best snorkeling around. And the island has got the hands-down coolest attraction in the region—an ice museum.

Cruise to St. Thomas and surround yourself with pristine beaches, excellent shopping and dining. Charlotte Amalie, the main town in St. Thomas, buzzes with activity. It's one of the busiest cruise ports in the Caribbean. Founded in 1666 and renamed in 1691 to honor the Danish queen, Charlotte Amalie contains excellent of all Danish-colonial architecture. In fact, a number of sites in Charlotte Amalie are listed on the National Register of Historic Places.

### 5:00 PM DEPARTURE

#### Depart from St Thomas, USVI

## November 12 - Tuesday

### 8:00 AM ARRIVAL

#### Arrive at St John's, Antigua

The former British colony of Antigua is something special. Just ask Richard Branson, Eric Clapton, Giorgio Armani and Oprah—they all have homes here. Known for its beaches—there are 365 of them, all white sand lined with palm trees—Antigua also boasts charming harbors and a countryside dotted with old sugar mills. At one time the island was a juggernaut in the sugar trade, and also produced tobacco and cotton. Today, agriculture is still important, with Antiguan sweet potatoes, black pineapples and guavas being among the major crops. Book a Caribbean Cruise and explore the port of St. Johns.

On an Antigua cruise, visit St. Johns, the capital city of the dual-island nation of Antigua and Barbuda. This city is the center of commerce, with international banks and boutiques as well as a lone rum distillery. St. Johns is located in the Caribbean Sea and is one of the hottest vacation spots. Immerse yourself in the colonial history of Antigua. Explore the best of Antigua on one of many Holland America shore excursions and visit English Harbour, known for its maritime heritage, historic sites and excellent restaurants. Plus, get a glimpse of some impressive yachts as they sail in and out of the bay. Discover Nelson's Dockyard, which features gorgeous 18th- and 19th-century architecture but also buzzes with modern eateries and shops. On an Antigua cruise, explore St. Johns island beaches, snorkeling, and more.

**5:00 PM DEPARTURE**  
**Depart from Antigua**

## November 13 - Wednesday

**8:00 AM ARRIVAL**  
**Arrive at Roadtown, Tortola BVI**

Road Town, on the island of Tortola, sits at both the literal and figurative center of the British Virgin Islands. As the BVI's capital, it serves as the administrative hub for the islands. Its central location also makes it an ideal jumping-off point for cruising the islands of the Sir Francis Drake Channel and for visiting spots like the Baths on Virgin Gorda and the legendary Soggy Dollar Bar on Jost Van Dyke's White Bay Beach.

Most visitors to Road Town make a beeline for the water. Sailors have long loved the BVI for its idyllic island-hopping. Excellent scuba diving and snorkeling can be found at spots like the Norman Island Caves and the *RMS Rhone* shipwreck. For those who prefer to explore on dry land, the beach at Cane Garden Bay is only a 20-minute drive from Road Town, and a great spot to enjoy the Caribbean sun and sea while sipping a rum cocktail. While you're at Cane Garden Bay, save time to visit the historic Callwood Rum Distillery. Sage Mountain National Park, home to the tallest peak in the Virgin Islands, is also nearby. Hikers can explore the park's shady tropical forest and take in breathtaking island views.

**6:00 PM DEPARTURE**  
**Depart from Roadtown, Tortola BVI**

## November 14 - Thursday

**7:00 AM DEPARTURE**

Explore the vibrant city of San Juan on a cruise to Puerto Rico with Holland America Line. Take a stroll along and then past the old city walls and explore the colorful cobblestone streets of old San Juan – a UNESCO World Heritage Site and National Historic Site within the U.S. National Park Service. Taste your way through the city's extraordinary culinary scene, immerse yourself in its colorful history, or just pull up at a beach and grab a local rum cocktail. On a cruise to San Juan, Puerto Rico explore one of many cruise excursions like El Yungue National Rainforest. Or a drive to Old San Juan where you can enjoy the architecture, historic buildings, and shopping.

Without hyperbole, this is one of the world's most photogenic spots. T&C, as it is sometimes called, is the ultimate fantasy-island destination—the screen saver in all its glorious reality.

Grand Turk, a jewel of an isle that measures just 18 square kilometers (seven square miles), is awesomely rich in natural wonders. Ringed by translucent warm waters teeming with coral and fish, this Turks and Caicos cruise is a bonanza for divers, snorkelers and anglers. Of course you can always simply kick back and just enjoy the view from under a palm tree. ## **Travel Information**

### **What to wear**

Being casual and comfortable is a part of life on the *Rotterdam*. Weather in the Southern Caribbean region can be hot during the daytime, yet cool in the evening—the “layered look” is a must! You may need a light jacket for both cool weather and potential rain. (A sweater may also be desired for comfort in the air conditioned public areas.) The temperature in each cabin is individually controlled for your own comfort. Bring comfortable shoes to wear in port, streets are often uneven or rough. There are two dressy nights (black tie not required, but suit and tie for gents), and other nights are smart casual nights no jeans or T-shirts in the dining room). We will have early dining reserved for the group. If you don’t want to participate in the formal nights, you have the option of dining casually on the Lido deck.

### **Travel to and from Fort Lauderdale**

We can arrange airline tickets and other personalized travel. We are able to quote fares for all airlines and look for the best prices. Transfers from the airport to the cruise ship and back are available at a minimal charge. Pre and post-cruise packages are available at an additional cost for those who would like to arrive in Fort Lauderdale a day or two early, or stay after the cruise. We will also offer custom hotel packages both before and after the cruise.

### **Trip Insurance**

**The purchase of trip cancellation, travel accident and baggage insurance is strongly recommended.** There are many uncertainties and unforeseen circumstances involved in our world; therefore we strongly recommend the purchase of travel insurance. It will provide coverage in the event of cancellation of your trip due to unforeseeable sickness, injury or death to you, a family member, or a traveling companion. In addition, it will provide coverage for travel accidents, baggage loss or damage, and medical evacuation. This insurance coverage is available at a rate, which varies by your age and the cost of your cruise. You will be completely covered, waiving all pre-existing conditions, only if the insurance is purchased at the time of deposit, and you cover the full amount of your cruise, including taxes and fees. Please complete the section on the registration form (**online** or **pdf**) regarding insurance. **We cannot accept your registration unless this is completed and signed.**

### **Immigration Requirements**

A passport that is valid for at least six months beyond your return date is required for travel. Non-US citizens must have a valid passport and any necessary visas. Legal names must be correct on all documents. Lack of proper ID will result in denial of embarkation; therefore all passengers are responsible for necessary identification. If you have access to the Internet, the following website offers excellent information regarding applying for and renewing passports: [http://travel.state.gov/passport/passport\\_1738.html](http://travel.state.gov/passport/passport_1738.html). If you need to obtain a certified copy of your birth certificate: <http://www.vitalchek.com> is a helpful website.

## **Geraldine Wilkins**

*Fredericksburg, VA*

*[www.courses.livingwaterquilter.com](http://www.courses.livingwaterquilter.com)*

Geraldine is a native New Yorker with a love of travel, elephants, crafting and sewing. She has a passion for connecting with women through sewing and quilting. She enjoys helping fellow makers through inspirational lectures, practical workshops at quilt retreats and national quilt shows like Quilt Con and the American Quilters Society. She shares her experience and expertise in free motion and ruler quilting enabling quilters to become confident and creative quilters.

## **Latifah Saafir**

*Los Angeles, CA*

<https://shop.latifahsaafirstudios.com>

Latifah Saafir is a Professional Seam Ripper and Hoarder of Fabric. She tries to justify her Bachelor of Science in Mechanical Engineering degree by designing cool multi-functional tools for quilters to use. She loves to challenge quilters to try hard things and make it a bit easier by developing easy to follow techniques for such skills as curved piecing, bias tape applique and half rectangle triangles. Having learned how to sew as a kid Latifah tries to influence kids to also fall in love with sewing through her line of products Quilt Cadets, specifically designed for kids who sew. Her secret wish is to fill the world with quilt-y friends which is why she selfishly co-founded the Los Angeles Modern Quilt Guild and the worldwide Modern Quilt Guild. Her biggest love is to teach but most days she can be found sitting in front of her computer feverishly trying to break the code to create a pattern that goes viral.

## **Gyleen X. Fitzgerald**

*Baltimore, MD*

*[www.colourfulstitches.com](http://www.colourfulstitches.com)*

Gyleen was born in Philadelphia, PA but grew up in Taiwan and Japan. She obtained a Bachelor of Science degree in Chemical Engineering at Drexel University and opened Colourful Stitches in 1999.

Those formative years in the Far East developed her love for simplistic artistry. She began needlework at the very young age of four and has since pursued artistic expression in drawing and quilt making. Her quilts blend colour, pattern and texture to provide a contemporary essence to traditional quilting.

Her strength as a quilter is demonstrated by the infusion of engineering tools and techniques to simplify visually complex quilts. Her written works center around Haiku poetry, Quilt project books, patterns and magazine articles and of course the crème de la crème, children's books.

As an artist, she has achieved "Best of Show" recognition; as a writer and publisher, she has achieved award winning status with Quilts: Unfinished Stories with New Endings. Gyleen has appeared on The Quilt Show and Lifetime TV promoting finishing antique quilts and the new spirit of traditional quilting.

For Gyleen, quilting is the passion which colours her world as her writing journey continues.
